DATE: December 11, 1943

FIG. NO.

- Paragraphs: 1. SCOPE OF INVESTIGATION. 2. IDENTIFICATION.  
3. OCCUPATIONAL RECORD (1937-1942). 4. CITIZENSHIP. 5. LOYALTY.  
6. CHARACTER AND GENERAL REMARKS. 7. CONCLUSIONS.

1. Conducted twelve informants. Inquiries covered subject's employment, references, acquaintances, neighborhood, naturalization, police records and confidential files. Inquiries covered New York City and Washington, D.C.

2. Statements made by subject on the Personnel Security Questionnaire were substantially confirmed.

Subject lists on the Personnel Security Questionnaire that his employment from 1931 to 1939 was with the New York State Committee of the Communist Party. According to confidential files available to this office, subject is a well known Communist who is alleged to have been in the Abraham Lincoln Brigade in Spain in 1940, and it has also been alleged that subject is possibly an agent of the C.I.O. Subject is attending course according to the daily order.

Subject refused to sign an espionage statement distributed at the facility and returned same unsigned.

There is no certain evidence that subject participated in the slow-up at this facility on January 31 and 4th, 1943, although one of the instigators of the slow-up Ernest Arvey is alleged to be the "protector" of subject.

Subject's employment record is normal and satisfactory, and there is no indication of any slow-down or sabotage.

3. Information derived from the above sources indicates reason to question the subject's loyalty, trustworthiness and character.

DETAILS:

(1) The files of this informant reveal the following information:

Subject prior to entering the employ of the Liquidometer Company admitted that he had been with the New York State Committee of the Communist Party for which he had done "political and organizational work".

In March of 1940, a former Communist Party member and officer while being questioned on another matter, mentioned an undersized fellow, Morris Pasternak by name, as a possible O.G.P.U. Agent who was in Spain during the Civil War.

In September 1939, a former Communist Party Secretary, while testifying before the Dies Committee, was asked "Do you know whether Mr. Morris Pasternak was ever identified in any way with the O.G.P.U.?"

Answer: "That I cannot tell you. He may be to-day, or he may not be".

In April of 1940, a former member of the Abraham Lincoln Brigade before the Dies Committee, indicates that Subject was in Spain during the Spanish Civil War, and had been reported missing in action.

The name of Subject and his wife are known to have been on the election list of the Communist Party in Brooklyn, in 1936-1937.

In October of 1939, Subject is reported to have been the Speaker at the Tom Paine Branch of the Communist Party. Subject spoke two and a half hours on the "Resolution unanimously adopted on October 13, 1939, by the Political Committee, Communist Party, U.S.A. At that time, Subject's brother is reported to have said "he should know his business. He spent two years at the Lenin Institute in Soviet Russia, and his position now in the Communist Party is a member of the Educational Board".

It is reported to this informant that a meeting of the Sunnyside, Long Island Branch of the Communist Party had been held on September 30, 1943, at the home of Subject's wife.

This informant is reliable.

DECLASSIFIED BY 4913 AP/TEX  
ON 6/1/78

(2) The files of this informant contain the following information on subject

1. The "Party Organizer" an official Communist publication, contains an article in March 1936 edition, by Morris Pasternak, Dist. 2, Section 15, organizer "on the Work of the Party Branch" a discussion of organizational problems.

2. The "Daily Worker" of April 7, 1936, Page 6, lists Morris Pasternak as a section organizer who in a membership campaign pledged five recruits and recruited two.

3. In the "Daily Worker" of September 10, 1936, appears a picture of Morris Pasternak as one of the Communist Party organizers, New York Section.

4. The August 17, 1937 edition of the "Daily Worker" carries an announcement that Morris Pasternak, a leading comrade of Bronx County, will speak "on the

**CONFIDENTIAL**

DETAILS: (continued)

Communist position on the coming municipal elections."

5. The name of Morris Pasternak, 1475 Jessup Avenue, Bronx, New York, appears as a voter for the Communist Party ticket in the 1936 elections in New York City.

6. The name of Morris Pasternak, 4120 Bedford Avenue, Kings County, New York, appears on a Communist petition, 1939-1940, for the New York State and City elections.

This informant is reliable.

(3) The files of this informant reveal that Subject was born in Russia (date not shown) and that he became a citizen on April 3rd, 1917, at the New York Supreme Court, petition No. 63456. Date of arrival in this country December 7, 1906, through the Port of New York. This informant is reliable.

(4) On 17 December 1943, this Agent contacted Informant No. 4, who stated that he was surprised that Subject had given him as a reference since he had met him on only a few occasions and hadn't seen him recently; as far as informant knows, subject enjoys good reputation and has absolutely no sympathy for the Axis nations. Informant professed to be ignorant of any political affiliations of subject and believed he was employed as a machinist in a defense plant.

This informant is either a very casual acquaintance of subject which appears unlikely since he has been given as a reference of ten years acquaintanceship, or has been concealing his knowledge of Subject. Latter alternative appears more likely.

(5) On 6 December 1943, this Agent contacted Informant No. 5 who was given as a reference by Subject. This informant states that he has known Subject about seven years during which time Informant believes Subject has always been employed as a machinist. Informant states that Subject's brother lives with him and that this is how he became acquainted with subject. Informant states Subject is of very good character and reputation and is of unquestionable loyalty. Informant recommends Subject for employment in the war effort.

This informant is obviously unreliable. He professed to be completely ignorant of Subject's membership in the Communist Party. According to files of Informant No. 2, in New York City, this informant was the custodian of the records and archives of the Communist Party, and also the dispenser of funds received from Moscow.

(6) On 6 December 1943, this Agent contacted Informant No. 6, who stated that she had known Subject ten years and that he was a man of good character and unquestionable loyalty to this country. Informant stated that she was not aware of any political affiliations of Subject. Confidential files available to this office reveal that this informant has signed three Communist petitions.

(7) On 7 December 1943, this Agent interviewed Informant No. 7 who stated that Subject had been employed under his supervision for about three years. She stated that Subject was a Satisfactory worker and was in no way slowing up or lacking in cooperation. Subject is generally believed to be a Communist, and in Union meetings is an excellent speaker. Informant believes that Subject is the brains behind Ernest Arno who was the instigator of a slow-up on January 3rd, and 4th, 1943, caused by a wage dispute.

~~CONFIDENTIAL~~

Re: (continued)

Informant states that he cannot be positive that Subject participated in this slow-up. He believes he may have but will not go on the record to this effect. Subject is doing a good job and no fault can be found with his performances. Informant reliable.

(8) On 7 December 1943, this Agent interviewed Informant No. 8 who stated that in his opinion Subject was unquestionably a Communist Party member and organizer. However, he stated that Informant is apparently a satisfactory worker and that in general the "Commies" in the plant were 100% co-operative and fully behind the production effort. Informant reliable.

<sup>7,</sup>  
(9) On December/1943, this Agent interviewed Informant No. 9 who stated that he personally did not know Subject but that employees' morale was at present better than ever and that there was no indication of any lag or slow up in production.

However, he did state that Subject had refused to sign a copy of an Act of Congress which was "an act to punish the willful injury or destruction of war material or of the premises or utilities used in connection with war material and for other purposes." This act was distributed to all employees in December 1942, and was returned unsigned by Subject to his foreman. This informant is reliable.

(10) On 7 December 1943, this Agent interviewed Informant No. 10, who stated that production was normal and that there was no indication of any labor trouble on the four to twelve shift. Company records do not indicate that Subject had any part in the January 3rd and 4th slow-down. Subject rated as normal and satisfactory employee.

(11) On 6 December 1943, this Agent contacted Informant No. 11 who has been Subject's landlady for the past year. He and his wife and sister-in-law and husband live in the upper floor of a two-family house owned by informant. Informant knows Subject only casually, but so far he has given her no reason to question her character or loyalty. Subject's sister-in-law has two sons in the United States Army. Informant knows nothing of Subject's political views and knows nothing of any political meetings being held in the house.

Informant is reliable, has son overseas, Criminal Investigations Division, United States Army.

REC-5

SUMMARY FROM GERMAN

The first part of the television program originating in East Berlin consists of two scenes from the work of Maximilian Scheer (or Scher; phonetic) entitled "Der Weg nach Alcatraz" ("The Road to Alcatraz").

The first scene depicts Sobell's questioning by the State Attorney, his contacts with the Rosenbergs and Sobell's career of life. The defendant proclaims his innocence and alleges that he had been beaten and kidnaped in Mexico. The second scene relates to Sobell's Scheme and refutation of the accusations by his defense attorney who insults the prosecutor. Sobell alleges that he worked 10 years for war and intended to promote peace.

The second part of the program pertains to an interview of Mrs. Helen Sobell and her son Mark in East Berlin. Both spoke in English and a female interpreter translated their statements.

Mrs. Sobell reveals that she talked to Mr. John F. Kennedy before he assumed the Presidency "who promised to liberate my husband, but did not keep his word."

Mark Sobell says that he has been aiding his mother and asserts that he talked to U.S. Attorney General Robert F. Kennedy and also submitted a petition to President Kennedy.

The program concludes with an appeal to the people of the German Democratic Republic and to the people of the world to write to the President demanding the release of the "innocent" Morton Sobell and the posthumous rehabilitation of the Rosenbergs.

**WARNING NOTICE - SENSITIVE SOURCES AND METHODS INVOLVED**

From 14 through 17 July 1963, the activities of SUBJECT, wife of convicted Soviet spy Morton Sobell, and HER son, Mark C. Sobell, born 5 June 1949 in New York, New York, were monitored by foot and vehicle surveillance in West Berlin and through public communication media (television and newspaper) while they were in East Berlin. Results are as follows:

At 1635 hours on 14 July 1963, Helen SCHILL and HER son Mark arrived on Pan American Flight 606 from Hamburg, FRG (Federal Republic of Germany - West Germany), at Berlin Tempelhof Central Airport, Berlin/Tempelhof (US Sector). SUBJECT retrieved one suitcase at the luggage rack located in the central lobby of the Air Terminal. SHE remained in the central lobby while HER son Mark went to the Berliner Bank window located in the outer lobby where a currency exchange was completed. He returned to the central lobby and checked the suitcase in the baggage storage room.

At 1700 hours, Helen and Mark SCHILL left the Air Terminal carrying two small airline utility handbags and two small plastic net shopping bags. They boarded a Berlin City bus and at approximately 1725 hours they departed the bus at the corner of Kurfuerstendamm and Joachimstaler Strasse, Berlin/Charlottenburg (British Sector). They remained on the corner for approximately three minutes and then proceeded on foot to the Hotel Am Zoo, 25 Kurfuerstendamm. Both entered the lobby of the hotel. Helen SCHILL entered a public telephone booth and made a telephone call. After the completion of HER conversation SHE rejoined HER son in the lobby of the hotel. They left the hotel with a bell boy who hailed a taxi for them. At 1738 hours, SUBJECT and HER son departed in a West Berlin taxi, license number B WH 830. Helen and Mark SCHILL arrived at the Allied Control Point (Checkpoint Charlie) at Friedrichstrasse, Berlin/Kreuzberg (US Sector) at 1800 hours. They registered with the US Military Police, declared no West Berlin address, and indicated their intention to remain in East Berlin until Tuesday, 16 July 1963. They were then informed by the Military Police that it would be necessary for them to register with the East Berlin authorities if they intended to remain in East Berlin overnight. Additionally, it was recommended that they inform the US Military Police of their address in East Berlin. Mark Sobell indicated that they might return to West Berlin prior to midnight that day, 14 July 1963. Mark and Helen SCHILL then proceeded on foot into East Berlin. They processed through the East Berlin checkpoint in approximately 22 minutes. After completing the processing procedures they proceeded toward Berlin/Mitte (Soviet Sector) by East Berlin taxi number 92, license number IB-73-34. At 2003 hours on

14 July 1963, Mark Sobell returned to the Allied Checkpoint at Friedrich-Strasse and informed the US Military Police that he and SCHILL had registered at 51 Park Strasse, Berlin/Weissenhof (Soviet Sector), and expected to return to West Berlin at 1800 hours on 16 July 1963. Mark Sobell then departed the checkpoint for East Berlin at 2255 hours.

On 15 July 1963, an article appeared in the East Berlin newspaper "Berliner Zeitung" making reference to the fact that SUBJECT, the wife of convicted American espionage agent Morton Sobell, was to appear on an East Berlin television presentation entitled "The American Breyfuss", scheduled for 2200 hours, Tuesday, 16 July 1963. (See EXHIBIT 2, an English translation of the German newspaper article.)

At 2210 hours, 16 July 1963, "The American Breyfuss" a pre-recorded television program originating in East Berlin, was monitored by Berlin Station. The program consisted of two parts, each of approximately 12 minutes duration, the first of which concerned a dramatization of a portion of the Morton Sobell espionage trial. The first scene of the presentation involved a conversation between Sobell and the prosecuting attorney. Sobell's relationship with Julius and Ethel Rosenberg, convicted espionage agents who were executed by the State of New York in 1953, was the topic of their conversation. The prosecuting attorney accused Sobell of passing defense information to the Rosenbergs. Sobell explained that his was only a social relationship with the Rosenbergs and denied the charges levied against him. The second scene depicted a courtroom in which Sobell and his defense attorney attempted to explain and refute the accusations.

The second part of the program consisted of an interview of Mrs. Helen SCHILL and HER son Mark. The interview was conducted in the English language, and the questions and answers were translated into the German language. During the initial phase of the interview a brief resume of the history of the case and the events which eventually led to Sobell's apprehension in Mexico City, Mexico, were reported. When asked what was being done to help HER husband, who is now serving a 30 year prison term, SUBJECT answered that SHE had personally spoken with President Kennedy and several government officials without results. HER son Mark stated that he had participated in demonstrations in front of the White House and had spoken with Attorney General Robert Kennedy regarding his father's case. As a final statement, SUBJECT appealed to the people of the world to write to the United States Government and appeal for Morton Sobell's release from prison. SUBJECT repeatedly

## TRANSLATION

of an article from the GMR newspaper "BERLINER ZEITUNG" of 15 July 1969

**"Morton SOBELL, the American EISENHOWER"**  
by G. V. ALEXAN

In New York, the metropolis of the "free" world, occurred something on 19 June of this year that does not occur every day. On the tenth anniversary of the death of Ethel and Julius ROSENBERG, the committee "Justice for Morton SOBELL" called a mass-meeting at Carnegie Hall.

Ethel and Julius were murdered because they did not want to lie, because they did not want to buy their lives through lies and refused to cooperate to annihilate lives of others. Helen SOBELL, the wife of Morton SOBELL opened the commemoration with above words. It was a thrilling moment when she requested the many thousands of present persons to pay honor to both of the "legally" murdered by a one-minute silence.

### THE SEALED PACKAGE ...

The atomic-scientist and Nobel prize winner, Professor Harold UREY and other well-known personalities then spoke about the life and fate of Morton SOBELL. With the passionate approval of all present they requested an immediate release of the innocent so-called, who has been suffering in prison for 13 years.

The culminating point of this memorable meeting was planned to be a dramatic confrontation. Helen SOBELL in an open letter had invited the former Minister of Justice, Herbert WICHMANN, to take part in the meeting. She requested WICHMANN to reveal to the citizens of New York the proof which is allegedly in his hands or known to him only, on the grounds of which the ROSENBERGS were arrested and her husband sentenced to life imprisonment.

She stated that by WICHMANN's intervention 10 years ago the postponement of the ROSENBERG's execution (an injunction arranged by Judge DOUGLAS of the Supreme Court) was hampered. He removed President EISENHOWER's considerations by talking about a sealed package with irrefutable material proving that the "conspirators" really gave the Soviet Union the secrets of the A-bomb. WICHMANN told EISENHOWER at that time that in the "interest of state security" such Top Secret documents cannot be shown to the judge or the jury, an infamous tactic which had already been applied 70 years ago in the EISENHOWER affair.

### ... DOES NOT EXIST

As expected, WICHMANN did not show up. Instead, he sent a written letter which was read by Helen SOBELL. The former Minister of Justice stated in the letter that no Secret documents exist which would prove unambiguously the guilt of ROSENBERG and Morton SOBELL.

107-1-1013  
2

This cynical statement caused understandable indignation in the West. The monstrous lie of the highest justice official, through which two simple, young people lost their lives, reveals the factual situation in America: right-life (legality). It verifies that in the America of the cold-war, the Supreme Justice authorities - serving the reactionaries and war-mongers - do not hesitate to commit a crime whenever it concerns the oppression and destruction of the People's forces.

What techniques the state secret police FBI are using show a shameless bribery attempt. Two years after SCHILL was sentenced, he was visited in his cell by FBI officials. They promised him better treatment and possibly the reduction of his sentence if he would plead guilty and accuse his two friends who were hanged in the electric chair.

"I will never make my hands dirty by something like this," wrote SCHILL to his wife after this uncomfortable visit. "A man always has to live in accordance with his conscience so that his children and the children of his children can bear his name in honor."

In spite of SCHILL's emoting statement, Morton SCHILL, who suffers from an internal disease and had to be operated on recently, is still in prison. The fact that SCHILL's request for renewed court procedure was again turned down, disregarding the increased protest of internationally known personalities like Lord RUSSEL, Linus PAULING, Pablo PICASSO, Jean Paul SARTRE and many others, proves that the sinister political forces are still strong enough to oppress nationally and to cause aggression internationally. On the other hand, it shows that the forces of resistance are steadily growing.

#### MY POWER IS INCREASING....

The moral courage and the spiritual power shown by Ethel and Julius ROSENBERG to their hangmen, and shown day by day by Morton SCHILL, caused a strong, mobilizing effect on the American people.

"I am not courageous and not heroic, but still I feel my morale growing by every ache they cause me," wrote Morton SCHILL from the Devil's Island of Alcatraz. These emotional words sound symbolical for the new spirit which includes and puts in motion more and more people in America today, as for example shown by the revolutionary movement of negroes and the fight of women for peace.

We now inform our readers about a coming TV program "The American WAYFARER" on Tuesday, the 16th of July at 2200 hours. Mrs. Helen SCHILL, who is presently in Berlin, promised her cooperation (- co-starring).

An informant considered his relationship with BARR too slight for him to judge SUBJECT's character (9). Two character references rate the character of BARR to be good (10,11).

One neighborhood check showed BARR to be very individualistic and not very well known (12,13). Another neighborhood check of former residence revealed BARR to be individualistic and unknown (14). Investigation of a third neighborhood (in Brooklyn) revealed BARR to be very active in Communist activities (15).

A confidential agency revealed BARR to have been discharged from Federal employ in 1942 (16). Another confidential agency's records revealed BARR was a member of Branch 16B of the Industrial Division, Manhattan, New York (17). Records on file at a confidential agency revealed BARR was a Communist Petition signer (18). Other confidential agencies revealed no derogatory information in their records on JOEL BARR (19).

#### DETAILS:

1. On 24 June 1947, a check of the records on file at the Bureau of Vital Statistics, Brooklyn, Kings County, New York, revealed that there is no record on file concerning JOEL BARR, whose Personal History Statement shows SUBJECT to have been born on 1 January 1916 at Brooklyn, Kings County, New York.

2. On 30 June 1947, the records on file at the Office of the Registrar, Columbia University, New York, N. Y., revealed that BARR enrolled as a student in the School of Engineering for one academic year, from September 1945 to June 1946. BARR received the Degree of Master of Science in Electrical Engineering on 4 June 1946. The records further revealed that SUBJECT maintained a high scholastic average and was in good standing as to character. The University records revealed that BARR was born 1 January 1916 at Brooklyn, New York.

3. On 7 July 1947, contacted the Western Electric Company, 100 Central Street, Kearny, New Jersey, Employment records of this concern revealed SUBJECT to have been employed from 18 March 1942 to 10 October 1945 as an engineer, resigning to attend college and receive his Master's Degree. BARR was rated very good for performance of service.

4. On 8 September 1947, interviewed Joseph Giblin, Files Clerk, Personnel Department, Bureau of Public Works, New York City, N. Y., who after searching the files at the department, stated that JOEL BARR did not work for the Bureau and that there was no record at all on BARR. Giblin added that it is possible that BARR worked on a WPA project, as a part-time draftsman, and that if this were the case, there was no record kept on file of employees coming under this category.

~~CONFIDENTIAL~~

1A-419482

5. On 3 September 1947, interviewed a confidential informant, who stated that BARR was employed as an Electrical Engineer, rating P-2, \$2600 per annum, from 1 July 1940 to 23 February 1942, on which date he was discharged after an investigation by the AC of S, C-2, disclosed BARR to be an active Communist. Character rating was unknown, SUBJECT is definitely not eligible for rehire, and BARR was definitely believed to be not loyal to the United States. BARR's name appeared on a list of undesirable employees received by the Intelligence Office, SCQSA, from Post Intelligence Office, Fort Monmouth, New Jersey. BARR was definitely not recommended for a position of trust and confidence, and informant concluded that SUBJECT was a close associate of one [redacted] member of the Communist Party in the 9th Assembly District, 16th Election District, New York City, in 1936, who was also discharged from SCQSA on 12 June 1941.

6. On 2 July 1947, contacted the Bank of Commerce, 56 East 42nd Street, New York, N. Y., as a credit reference. These records revealed that BARR, since 1941, has been extended credit in sums as high as three figures, secured by co-makers, and his credit standing has been satisfactory.

7. On 2 September 1947, personally checked the records on file at the National Bank of New York, 96th Street and Broadway, New York City, N. Y. Records reveal that BARR has a special checking account there, started on 8 April 1944, with an initial deposit of \$100. BARR's account number, 5103, shows that SUBJECT has a good credit rating, but is not known well by the bank credit personnel.

8. On 2 September 1947, interviewed Miss I. Colitti, Secretary to the Treasurer, Dolson & Company, 241 West 72nd Street, New York City, N. Y. Miss Colitti, after checking the records, stated that BARR rented an apartment at 241 West 97th Street. The building is owned by the above firm, and BARR's credit rating is good as far as the firm is concerned, since SUBJECT had always paid his rent promptly. The firm had no personal knowledge of BARR.

9. On 15 July 1947, contacted [redacted] character reference [redacted] who is an instructor of Electrical Engineering at Columbia University, New York, N. Y. [redacted] has known BARR socially and in business since September 1945, and stated that his acquaintance with BARR was too slight to be of any assistance. He added, however, that BARR was his student in the graduate course in electrical engineering at Columbia University during the academic year 1945-1946. [redacted] concluded that he has seen BARR only twice since June 1946, when BARR received his Degree of Master of Science.

10. On 17 July 1947, contacted [redacted] Project Engineer, character reference [redacted] who has known BARR for four years. [redacted] rated SUBJECT excellent as to integrity and family background and good for character, reputation and personal habits. He believed

BARR to be entirely loyal to the United States and recommended SUBJECT for a position of trust and confidence.

11. On 3 July 1947, contacted [redacted] character reference, Associate Professor of Electrical Engineering, Columbia University, New York, N. Y., who has known BARR for one year. He rated BARR's character, reputation, integrity and personal habits as good. [redacted] believed BARR to be entirely loyal to the United States and recommended SUBJECT for a position of responsibility.

12. On 3 July 1947, interviewed [redacted]

[redacted] has known BARR for four years and stated that as far as he knew, SUBJECT was honest, dependable, and trustworthy, prompt, quiet, and studious. The informant further added that BARR did not mix with others in the large apartment house and was very individualistic. [redacted] considered BARR to be very intelligent, entirely loyal to the United States, and from his knowledge of SUBJECT, he recommended BARR for a position of confidence.

13. On 3 July 1947, a neighborhood check of 241 West 97th Street, New York, N. Y., revealed that four other neighbors of BARR had never heard of BARR and so knew nothing of him.

14. On 17 September 1947, interviewed [redacted]

[redacted] where BARR lived from 1941-1943. [redacted] verified these dates of residence, and stated that BARR paid his rent promptly, did not cause any trouble, and was very individualistic. Informant added that she knew BARR only casually, and could offer no further information on BARR.

15. On 17 September 1947, interviewed a confidential informant, who volunteered the following information. She stated that she was a member of the [redacted] and that she knew SUBJECT and his entire family well, and that she knew the Hopkinson Avenue area very well also. Informant stated that BARR resided at 553 Hopkinson Avenue from 1937 to 1941, and that BARR was "no good." She added that the entire BARR family were all Communists, and very active in Communist activity; that BARR and his family often participated in Communist rallies, that the neighborhood was full of Communist sympathizers, and that the circulation of Communist pamphlets in the neighborhood is very common. Informant added that BARR is not loyal to the United States, and definitely would not recommend SUBJECT for any position requiring trust, responsibility, or confidence by the Government in BARR.

~~CONFIDENTIAL~~

1A-419492

Informant often heard BARR and members of the BARR family speak openly against the Government of the United States. She concluded that BARR's father was discharged from his job as an insurance collector because he stole his clients' premiums instead of turning them into the firm. Informant volunteered her assistance in any way if it be needed in the future.

16. The records of a confidential agency revealed BARR to have been discharged with prejudice per Act of Public 671, 76th Congress of the United States, from the Signal Corps Laboratories, Belmar, New Jersey, in 1942.

17. On 3 July 1947, a check of the records on file at a confidential agency revealed that BARR, born 1 January 1916 at Brooklyn, New York, had been transferred from Branch 16B of the Industrial Division of the Communist Party to Community Clubs, 9th Assembly District Section of the Communist Party of Manhattan, 9th Assembly District Club.

18. On 26 June 1947, the records on file at a confidential agency revealed that JOEL BARR, 553 Hopkinson Avenue, Brooklyn, New York, was a Communist Petition Signer of Number 2133 for Caschione, dated 9 August 1939, 23rd Assembly District, of the 25th Election District.

19. A check of the files of the following listed confidential agencies revealed no derogatory information concerning JOEL BARR:

Through an American Intelligence agency which conducts investigations abroad, it has been determined that Anne-Marie Comert, representative of Authors and Publishers International Agency (A.P.I.A.), of Paris, with New York offices at 154 East 74th Street, New York City, directed a letter from New York to an addressee in the Soviet Sector of Berlin concerning the publishing of the Rosenberg death house letters in eastern Germany. In this letter, Comert states she is in charge of the handling of foreign rights of the Rosenberg letters and mentions the name Alice Citron in connection with this.

Bufiles reflect that Anne-Marie Comert, nee Walters, a French citizen, entered the United States, 8-19-52, at New York City. Her husband, Jean Claude Comert, was, as of April, 1952, employed as an Information Officer, French Desk, Press and Publications Bureau, Department of Public Information, United Nations.

From the foregoing, it appears that Anne-Marie Comert is identical with Ann Maurice (phonetic). Inquiry is being made abroad concerning Anne-Marie Comert and her husband, and you will be advised of the results of this inquiry.

Date: December 2, 1952  
To: Director, FBI  
From: Salzburg Liaison Office (62-0)  
Subject: EMANUEL H. BLOCH  
INFORMATION CONCERNING

According to information made available to this Office on December 2, 1952, by G2, U. S. Forces in Austria, Emanuel H. Bloch, 401 Broadway, New York 13, N. Y., the attorney for Julius and Ethel Rosenberg, wrote as follows under date of November 28, 1952, to Dr. Engelbert Broda, Vienna III, Reissnerstrasse 11:

"... I am the attorney for Julius Rosenberg and Ethel Rosenberg, his wife, who were sentenced to death upon their conviction for violating the espionage laws of the United States by conspiring to transmit information about the atomic bomb to the Soviet Union.

"The innocence of the Rosenbergs, maintained stoutly by them at all times and evidenced by their pleas of not guilty and testimony at the trial, is still an issue that has not been laid to rest. I expect to continue or institute proceedings immediately to prove their innocence.

"I therefore take the liberty to ask you, as an outstanding citizen, to communicate with me your views on this aspect of the case so that the same may be presented for the Court's consideration. The public may also be interested in your views on this subject, but if you desire that the same be confidential except for court use or executive use, may I assure you that I will treat your reply in a confidential manner ..."

A I believe the date was fixed, your

Q Very well.

A When I got to the apartment with my wife, there  
was Julius and Ethel Rosenberg and a woman by the name of

Q Now, Ann Sidorovich? What was that name?

A Just stop there for a moment. What did you

Q Did you go to his house a few days afterwards?

A Yes, we did.

Q And who was present when you first arrived at the Rosenberg house a few nights after this conversation in the morning?

A Julius and Ethel Rosenberg, their son, Ann Sidorovich, and my husband and myself.

Q Before you go into that, had you had any discussion with Rosenberg prior to that evening concerning whether or not you planned to go to Albuquerque to live?

A Yes.

Q When did that discussion take place? A That took place in my house the first time that Julius came there.

Q What was said about that? A Well, up until that time the wives of servicemen at Los Alamos were not permitted to live in Albuquerque, but during the time that --

MR. E.H. LOCH: Is this what Rosenberg is alleged to have said, your Honor, or is this what this witness is alleged to have said?

Q Did you have a conversation concerning your planned trip out to Albuquerque to live? A Yes.

THE COURT: Just tell us what that conversation

was.

THE WITNESS: Yes. Julius Rosenberg said, "How would you like to go to Albuquerque to live?"

I said that I would be very happy to be near David, and he said, "You are going to go there". Well, we spoke about whether I was going to work there or not and he said that I would probably be able to find a job, but not to worry about the money.

At the time that David gave the written note to Rosenberg in your apartment, was there anything said concerning David's handwriting? A Yes.

And what was said? A When David gave Julius the handwritten note, I said that I hoped that Julius would be able to read it because David's handwriting was very difficult to understand. He said not to worry, that Ethel would type it, and she was quite used to his handwriting.

You say when you got up to Julius's house for that dinner, Julius Rosenberg, Ethel Rosenberg and Ann Sidorovich were present? A Yes.

Had you met Ann Sidorovich prior to that evening?

A Yes.

I show you Government's Exhibit S in evidence and ask you if you recognize the girl in that picture?

A Yes.

Who is that? A Ann Sidorovich.

Q Now, did Ann Sidorovich remain in the Rosenberg apartment for that entire evening? A No. She was there about a half hour.

Q Then she left? A Yes.

Q Now, while Ann Sidorovich was present in the apartment, was there a conversation between these five of you people? A No. Just the usual pleasantries and playing with the child and talk about ordinary things.

Q Approximately, if you can recall, what time in the evening did you go up to the Rosenberg's apartment? A It was about four or five o'clock in the evening.

Q Now, after Ann Sidorovich left did you have any conversation with the Rosenbergs concerning Ann Sidorovich?

A Yes.

Q What was said by whom? A Julius Rosenberg said that he had Ann Sidorovich come to his apartment just so that we would be able to recognize her and she knew us when she came out to us to get information to bring back to him, and he spoke at first of tentative plans, that Ann Sidorovich would come to meet me in a theatre in Denver where we would exchange purses, and my purse would have in it the written information that David would give.

Q Was Ann Sidorovich's husband mentioned during

this conversation? A Yes.

Q What was said concerning him? A Well, I asked if her husband knew about what she was doing, and Julius said no, he didn't know, that he would not approve that Ann was it.

Q During that evening did you have dinner in the Rosenbergs' apartment? A Yes.

Q But Ann Sidorovich had left prior to that dinner, had she not? A That is right.

Q Now, you say there was first mentioned something concerning the fact that Ann Sidorovich would meet you in Denver in a movie theatre, is that right? A Yes.

Q Now, was that settled upon during the evening?

A Yes.

Q The place for meeting? A That is right, it was.

Q What was said concerning the meeting place?

A Well, after he suggested that tentative plan, Julius Rosenberg and my husband discussed the best possible meeting place in Albuquerque, and it was decided to meet in a specific Safeway store.

Do you know who suggested the Safeway Store?

A Yes, my husband.

Q Was it stated that Ann Sidorovich would definitely come out to see you? A No.

Q What was stated concerning the person who would come out to see you? A Julius said, "Either

Ann" or someone else would be the "one to come to Albuquerque to meet you".

Q What did you say when he said that? A Well, I asked him how would we know who the other party was, how would we be able to identify him.

Q Tell me what occurred then? A Well, Julius took the side of a Jello box and cut it in an odd fashion and he gave me one half and he said "This half will be brought to you by another party and he will bear the greetings from me and you will know that I have sent him".

Q Now, where were you when this Jello box was cut? A In their kitchen.

Q Who was present in the kitchen at that time?

A Julius and Ethel Rosenberg and myself.

THE COURT: Where was your husband?

THE WITNESS: He was in the livingroom, out of view of the kitchen.

Q Do you know which side of the Jello box was

cut? A Yes, the "Instructional" side.

Q And do you know to where the Sidorovichs moved?  
A Well, at that time they bought a house in Chappaqua, Westchester.

Q And is Chappaqua a suburb near White Plains, New York?  
A Yes, it is.

Q And did you ever visit the Sidorovichs at their house in Chappaqua?  
A Yes, I did.

Q And did they ever visit you at your house after they moved away from Knickerbocker Village?  
A Yes, they did.

Q Did you know Mr. Sidorovich prior to the time that you knew Mrs. Sidorovich?  
A Yes, I did.

Q Where did you first meet Mr. Sidorovich?

A I met Mr. Sidorovich at Seward Park High School in some of my classes.

Q Did Mr. Sidorovich attend classes with you at CCNY?  
A No, he did not.

Q Did you subsequently meet Sidorovich at a place where you were employed, after you graduated from college?

A Yes, I did.

Q And where is that place?  
A That was at Paul Williams' place.

Q And was that one of the places that you recanted to us yesterday?  
A Yes, it was.

Q Now did you ever invite Alvin Karpis to

MR. PHILLIPS: And therefore I ask for a mistrial.

THE COURT: Your motion is denied.

MR. PHILLIPS: I respectfully except.

THE COURT: Proceed.

BY MR. SAYPOL:

Q Do you know a girl or a lady by the name of Carol Dayton? A I don't recall that name.

Q Never heard of it before? A I may have, I may not have.

Q Going back to the Sidroviches, was it your testimony on direct that you had no recollection of whether or not Ann Sidrovich was at your house in January 1945 at the time of David Greenglass' furlough when you entertained the Greenglasses at dinner?

A That's right, sir.

Q You mean by that that it is possible she was there? A I can't recall if she was or wasn't there. She may have been there.

Q Before that time the Sidroviches had lived in Channeque, New York, hadn't they? A That is correct.

Q I think you testified that they moved to Cleveland? A I testified that I received a few Christmas cards from them, with a Cleveland address.

A No.

Q Referring to or discussing information to be obtained to be transmitted either to your husband or to any of his emissaries? A No, sir.

Q Now, do you recall the time when your brother Dave came on his first furlough? A Yes.

Q The date has been mentioned here as sometime in January 1945, and her testimony is that on that occasion when he came, page 985, she testified in substance and your Brother Dave testified in substance, that they came on that occasion to your home for dinner and that there was present there a woman named Ann Sidorovich, and on that occasion there was a light talk in the presence of Ann Sidorovich, and Ann Sidorovich left the apartment, and that upon her leaving your home your husband said that he had invited Ann Sidorovich to your home so that the Greenglasses would be able to recognize her and know her when she would come to procure information concerning the Los Alamos Project at some future date, and that

Ann Sidorovich would come to meet your sister-in-law in a theatre in Denver, where Ann Sidorovich and your sister-in-law would exchange purses, and your sister-in-law's purse would have in it the written information that David would give concerning the Los Alamos Project.

Was there any such talk had at any time in your presence?

A No.

Q Do you remember the occasion when your brother and sister-in-law came to your home for dinner during his first furlough? A Yes, I do remember that.

Q Do you recall whether on that occasion Ann Sidorovich was present in your home? A She may or may not have been. I really don't recall that.

Q Now, how long had you known Ann Sidorovich?

A Well, they had moved into Knickerbocker Village a few months after we did and we became neighbors. We moved in in the spring of 1943 and they moved in later in 1943.

How long did they live in that house?

A About a year.

Q Are you sure it was in 1943 you moved into that apartment? A No, no. I gave birth to my first child in 1943. It was 1942. 1942.

Q Was that the year in which Ann Sidorovich moved

into one of the apartments in the same building? A Yes, that is the year, 1942.

Q And who lived there first? You or the Sidoroviches? A We did.

Q For how many months, if you can recall?

A I can't recall exactly how many months.

Q And how long did the Sidoroviches live in that house? A About a year.

Q And then they moved? A Yes.

Q Where did you meet Ann Sidorovich? How did you come to meet her? A Well, I had met her husband at the Federation of Architects and Engineers, and once I was walking down to the East Side defense counsel and I ran into her husband on the street and he had a young lady with him whom he introduced to me as his wife Ann.

Q Now, after the Sidoroviches moved away from this Knickerbocker Village house did you visit them, the Sidoroviches, or did they visit you? A Both.

Q And you kept on the friendship that had been formed while they were your neighbors? A That is right.

Q And of course, you knew that Michael Sidorovich, the husband of Ann Sidorovich -- is that his name, Michael?

A That is right.

Q -- had been a classmate of your husband's?

A Yes.

Q Now, you say you don't recall whether or not on the occasion of your brother's and sister-in-law's visit to you in January 1945 Ann Sidorovich was or was not there?

A No, I couldn't say.

Q Now, your sister-in-law testified that your husband suggested a tentative plan and a possible meeting at Albuquerque instead of Denver, and that it was then decided to meet in a specific Safeway store. Was any such arrangement or suggestion made by your husband in your presence at any time?

A No, it was not.

Q Either on the occasion in January 1945 or on any other occasion?

A No, it was not.

changed to the VHF Installation Division.

SARANT was suspended from duty on September 4, 1942 for failure to comply with the orders of the Director of the Signal Corps Development Laboratory, Fort Monmouth, New Jersey, to proceed to Detroit, Michigan for temporary duty at a specified time and date. On September 17, 1942 SARANT was informed he was terminated with prejudice as of September 4, 1942 for the above stated reason. SARANT replied to the effect that his resignation was up for consideration at the time of the temporary orders as his request for transfer to another section had not been considered, and that since his orders read to proceed on or about August 31, 1942, his letter of resignation of September 5, 1942 precluded any disobedience to orders. SARANT wrote quite voluminously in explaining his resignation, touching on the following points:

1. Non-utilization of abilities of employees at the Laboratory.
2. Army attitude in Laboratory in contradiction to principles of Constitution.
3. Misrepresentation of the Status of Research Projects.
4. Technical Incompetence.
5. Waste and Idleness.
6. Infractions of Civil Service Regulations.
7. Relations between Army officers and civilians.
8. Union Discrimination and Intimidation.
9. Training of Women Personnel to Replace Deferred Employees.

Under Union Discrimination and Intimidation SARANT wrote as follows: "In January, 1942, Mr. GEORGE CURRAN of the Federation of Architects, Engineers, Chemists and Technicians, C.I.O., accompanied by me and by another laboratory employee, paid a visit to Lieutenant Colonel C. C. MAIER for the purpose of discussing employer-employee relations at the laboratories:

The following day I received a visit from Mr. L. V. CATTAN, Associate Ratio Engineer, my immediate superior, who attempted to dissuade me from my ideas of trade unionism. This was done in the presence of three witnesses. I was next paid a visit by Mr. R. I. COLE, my section chief, who:

1. Accused me of being a union organizer
2. Told me that the only legal union recognized at the Laboratories was the N.F.F.E.
3. Told me clearly that if I did not cease "this union business" he would make things difficult for me."

SARANT also related in his letter of resignation that he was intimidated when brought before a Post Intelligence Officer and grilled in the following line of questioning:

## ADMINISTRATIVE

- "1. That I am a person of dangerous and subversive past.
2. That I had access to secret and confidential information and had been divulging same.
3. That they would see to it that I never received a commission. They insisted that I divulge to them where I had applied for commission.
4. That I was obtaining this commission through political influence in Washington.
5. That an FBI investigation of me would take place if I attempted to resign as I am now doing.
6. That I would be drafted immediately upon resignation."

Major RALPH I. COLE, Officer in Charge of the R.F.D. Section, wrote the Adjutant of the Signal Corps Ground Development Laboratory, furnishing derogatory information on SARRANT in regard to industry, cooperation, attitude, ambition, ability to work with others, punctuality, and quality of work. The letter also described SARRANT as a labor organizer and agitator among Radio Direction Finder personnel.

One [REDACTED] a co-worker, appeared to be close to SARRANT, as he signed a letter with SARRANT criticizing operations of the Laboratory, and was questioned by officers of the Laboratory regarding passing of rumors by he and SARRANT of an alleged dispute between the Signal Corps and the Air Corps Publicity Departments. [REDACTED] stated in his interview he was formerly employed by the Western Electric Company as a switchboard engineer, attended Cooper Union Institute, and had been a licensed amateur radio operator for eight years.

The following additional background data was shown in SARRANT'S personnel file: Resided at 114 Norwood Avenue, Long Branch, New Jersey, in September, 1941; speaks and reads Greek and Spanish language; height, 5' 7"; weight, 120 lbs.; additional references, Mr. C. VENTER, Freeport High School, Freeport, New York, shop and electrical instructor, and Mr. A. J. B. FAIRBURN, Cooper Union, New York City, E. & E. Instructor; had three brothers, one in U.S. Forces in England, one in Coast Guard, and one in Naval Air Corps; technical avocations, fencing, music in form of playing the classic guitar, boating, archery, model planes, power tools and lathe, photography (including processing), painting, plastic sculpture, and short-wave radio operation, including construction of same.

[REDACTED]

The personnel file of [REDACTED] reflects that he was appointed Junior Engineer, Radio, on August 7, 1941 at the Signal Corps General Development Laboratory, Fort Monmouth, Red Bank, New Jersey. He was in the R.D.F. (Radio Direction Finder) Section, and his duties consisted of repair work, erection work, orientation and research and development on various types of direction finders.

## ADMINISTRATIVE

On August 26, 1942 [REDACTED] resigned, regretting that he could not give any notice. [REDACTED] was then terminated with prejudice as he did not give formal notice, and in a letter to the Laboratory Personnel Officer by his Section Officer, [REDACTED] was described as having a poor attitude, as having resented orders which did not meet with his approval, and had spread false and abusive statements about an officer and his superior. [REDACTED] was also described as a trouble maker when with ALFRED SARANT. However, on September 16, 1942 the status of [REDACTED] resignation was changed to resignation without prejudice.

On the back of a clearance sheet in the file of [REDACTED] was the hand-written pencil notation of his signing out from the Laboratory the following items: 1 ea. tap 2-56 @ \$0.23 and 1 ea. Drill, 3/8" @ \$0.35, on September 16, 1942. On this sheet there was also the notation, [REDACTED]

The records reflected that WALKER while employed by the concern was residing at 150 Palawan Avenue, Belleville, New Jersey. He was born October 16, 1913 at Newark, New Jersey.

During his employment with the GLOBE INDEMNITY COMPANY in the Accounting Department he was classified as a junior accountant. The quality of his work during the employment was considered good. On WALKER's application of employment he furnished information that the name of his father was ANDREW WALKER, occupation sexton, born in Scotland and his mother was ELIZABETH WALKER, occupation housewife, born in Scotland. His religion is set out as being Protestant.

According to Miss BISHOP there was no derogatory information contained in his record. Miss BISHOP suggested that perhaps Mr. ABRAHAM GOLDSTEIN assistant to the superintendent of the Accounting Department would possibly have known WALKER during his period of employment with the company.

Mr. ABRAHAM GOLDSTEIN, Assistant to the Superintendent of the Accounting Department, GLOBE INDEMNITY COMPANY, upon interview advised that he recalled WALKER as having been employed as a junior accountant in the Accounting Department.
